Federal and State laws require the Board ensure the rights of a student are protected through the provision of an individual to act as surrogate for the parent and assume all parental rights under N.J.A.C. 6A:14-2.2 when:

1. The parent, as defined according to N.J.A.C. 6A:14-1.3, cannot be identified or located after reasonable efforts;
2. The parent cannot be located after reasonable efforts;

If the parent retains the right to make educational decisions and the parent's whereabouts are known to the school district, the Surrogate Parent Coordinator shall obtain all required consent from and provide written notices to the parent(s).

N.J.A.C. 6A:8-5.1 et seq.
Adopted: 7 December 2009
The New Jersey Department of Education (NJDOE) is required to establish an Unsafe School Choice Option (USCO) Policy per the Elementary and Secondary Act (ESEA) of 1965, as reauthorized under the Federal Every Student Succeeds Act of 2015 (ESSA). The USCO Policy requires that students who attend a persistently dangerous public elementary or secondary school as determined by the NJDOE, or become victims of a violent criminal offense while in or on school grounds of a public school that they attend, be allowed to attend a safe public school within the district. The Unsafe School Choice Option (USCO) USCO provision under the ESSA of The No Child Left Behind Act of 2001 (NCLB) §9532 contains two provisions that apply to school districts that receive funds under ESSA: NCLB Provision I - Persistently Dangerous Schools and Provision II - Victims of Violent Criminal Offenses.

Effective the beginning of each school year, school districts receiving NCLB ESSA funds must be prepared to complete the transfer of students who choose to exercise Provision I and Provision II of NCLB and this Unsafe School Choice Option USCO Policy. Compliance with the Policy is a condition of receiving funds under any and all titles under ESSA, NCLB. The Superintendent is required to certify compliance with this USCO Policy to the New Jersey Department of Education (NJDOE) in the application for ESSA NCLB funds.

USCO Policy Provision I - Persistently Dangerous Schools (PDS)

A persistently dangerous school is a public elementary or secondary school building (except for Regional Day Schools, Educational Services Commissions and Special Services School Districts) that meets the objective criteria determined by the New Jersey Department of Education NJDOE for three consecutive years and is part of a school district that receives funds under ESSA, NCLB. The NJDOE will use the most current available data from the Electronic Violence and Vandalism Reporting System (EVVRS) to identify PDS persistently dangerous schools on or before July 31 of each year, in compliance with federal regulations (68 FR 16789).
2. Procedures and Guidelines for Schools Determined to be Persistently Dangerous.

A school district will be notified by the NJDOE on or before July 31 of each year if a school(s) in the school district has been identified as a PDS. Once the district receives notification a school is identified as persistently dangerous, the district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the notice and offer them the option for their children to transfer to a safe public school within the district by the beginning of the respective school year. The district must complete all transfers by the beginning of the school year following the July notification.

Students are not required to accept the transfer option, but they must be afforded the opportunity to do so. Parental notice regarding the status of the school and the offer to transfer pupils should be made simultaneously. Parents of enrolled students must be notified of the persistently dangerous designation whether or not there is another school within the district for the transferring students.

To the extent possible, the district will allow transferring students to transfer to schools that have not been identified as low performing, under the State’s ESSA accountability system, are making adequate yearly progress in accordance with NCLB and have not been identified as being in need of school improvement, corrective action or restructuring. When a transfer school is not available within the school district, the district may seek arrangements for students to transfer to the nearest charter school or neighboring district; however, this is not required. The district may will take into account the needs and preferences of the affected pupils and parents.

If a school in the district is identified by the NJDOE as persistently dangerous, the district will submit to the NJDOE, on or before August 25, documentation of compliance with the parent notification requirement and actions taken to complete the transfer arrangements for all students exercising the option by the first day of the school year. Additionally, the district is required to will also develop and submit for approval a corrective action plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the schools with guidance for their corrective action plans, as well as monitor the school district’s timely completion of the approved plans.
In the spring of each following year, the NJDOE will re-evaluate the status of a school identified as persistently dangerous. The NJDOE will review the school’s progress towards completing its corrective action plan and compare the current year’s incidents of violence, as reported on the EVVRS, to the criteria for determining persistently dangerous schools PDS. A school identified as maintaining the persistently dangerous designation will be notified by the NJDOE on or before July 31 of the respective year and will be required to submit for approval a revised corrective action plan by September 30 August 25 of that year, which will apply to the respective school year. The school district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of notice and offer them the option for their children to transfer to a safe public school by the beginning of the respective school year in accordance with 2. above.

A school no longer designated persistently dangerous will be notified on or before July 31 of the respective year. The persistently dangerous designation will be removed after one or more years contingent upon successful fulfillment of the criteria for removal, as determined by evidence of the school’s progress toward successfully completing the approved corrective action plan, and evidence of incidents that no longer meet the criteria for determining PDS, described above, for one school year, the year in which the corrective action plan was in effect, and in accordance with guidance provided by the NJDOE.

4. Procedures and Guidelines for Early Warning of Schools.

When a school meets the criteria set forth in this Policy for one year, the district will be informed of the types of offenses reported that have led to an early notification. This notification, on or before August 15 of each year, will be informational only. A school that no longer meets the criteria for PDS for one year will no longer be considered in early notification status. A school that meets the criteria for two consecutive years will move into early warning status outlined below.

Effective in 2004, if a school meets the criteria set forth in this Policy for two consecutive years, the district will be notified of their pattern of offenses on or before August 15 of each year. If notified, the district will develop and submit to the NJDOE for approval a school safety plan to the NJDOE corrective action plan on or before September 30 of the same year, which will apply to the respective school year. The school safety corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the
Unsafe School Choice Option

The school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide an early warning the school with guidance for its corrective action school safety plan, as well as monitor the school’s timely completion of the approved plan. A school receiving an “early warning” notice is not required to provide the transfer option to students.

In the spring of each following year, the NJDOE will reevaluate the school’s progress towards completing its school safety plan and compare the current year’s incidents of violence, as reported on the EVVRS, to the criteria for determining PDS, persistently dangerous schools. The schools will be notified of their status on or before July 31 of the respective year.

A school that has successfully completed their corrective action plan and reported violent incidents that no longer meets the criteria for PDS Determining Persistently Dangerous Schools for one school year, the year in which the corrective action plan was in effect, will no longer be required to submit a school safety plan. Corrective Action Plan.

A school that meets the criteria for PDS does not successfully complete their Corrective Action Plan and that meets the criteria set forth in this Policy for a third consecutive year will be designated as persistently dangerous and will be required to submit for approval a revised corrective action plan on or before September 30 of that year, which will apply to the respective school year. The district will also and provide the transfer option to students in the school designated as persistently dangerous.

5. Schools Not Receiving NCLB Funds, but Meeting the Criteria for PDS.

School buildings and districts that do not receive Federal funds under ESSA, NCLB, but meet any one of the criteria for PDS, persistently dangerous schools, will be contacted by the NJDOE and be required to develop and submit for approval a school safety plan Corrective Action Plan on or before September 30 of the respective year. The school safety plan Corrective Action Plan must be completed in the format provided by the NJDOE and describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the school with guidance for its school safety plan, corrective action plan, as well as monitor the school’s timely completion of the approved plan.
USCO Policy Provision II - Victims of Violent Criminal Offenses

The Unsafe School Choice Option Victim of Violent Criminal Offenses provision under the ESSA of NCLB requires a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the district, including a public charter school.

The individual victim provision of this Policy attempts to fulfill the requirement for the school district to provide relief to students who have been victimized, while providing a school with a practical means for making determinations on incidents of victimization that are within the purview of the school district. The individual victim section of this Policy has been crafted to enable school staff to make reasonable determinations and actions regarding this Policy. The Superintendent will consult with the Board attorney and communicate with designated local and/or county law enforcement authorities, per the provisions of the Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials and N.J.A.C. 6A:16-6.2(b)132, on questions and issues that arise in the implementation of the individual victims of violent criminal offenses section of this Policy.

1. Criteria for Determining Victims of Violent Criminal Offenses

The following criteria must be used to determine when an enrolled student has become a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends. These criteria only apply to a student who has become a victim of one or more of the violent criminal offenses enumerated below:

A student is considered a victim of a violent criminal offense when:

a. A referral has been made to law enforcement officials for suspicion that one of the violent criminal offenses enumerated below has occurred; and

b. One or more of the following applies:
(1) Law enforcement officials have filed formal charges against the offender(s) perpetrator(s) for commission of the violent crime; or

(2) The offender(s) perpetrator(s) of the violent crime has received sanctions in accordance with the Board of Education’s Code of Student Conduct; or been disciplined in accordance with school policy;

(3) The offender(s) perpetrator(s) of the violent crime either has not been identified or is not an enrolled student(s), but it is clear that the student (victim) has become a victim of a violent criminal offense based on objective indicators such as physical evidence, eyewitness testimony, and/or circumstantial evidence; or

(4) The pre-existence of a restraining order against the offender(s) perpetrator(s) of the violent crime.

2. Procedures and Guidelines

Effective the first day of each school year, beginning in 2003, the district must be prepared to begin the transfer of any student who chooses to exercise the individual unsafe school choice option provision. The district must offer, within fourteen ten calendar days of the incident, an opportunity to transfer to a safe public school within the district to any student who has become a victim of a violent criminal offense while in or on the grounds of a public school that the student attends. While the student must be offered the opportunity to transfer, the student may elect to remain at the school.

To the extent possible, the district will allow any transferring student to transfer to a school that has not been identified as low performing, under the State’s ESSA accountability system, is making adequate yearly progress in accordance with NCLB and has not been identified as being in need of school improvement, corrective action or restructuring. In addition, when a transfer school is not available within the district, the district may seek arrangements for a student to transfer to the nearest charter school or neighboring district; however, this is not required. The district may will take into account the needs and preferences of the affected student and his or her parent(s). Transfers must occur within thirty days of the determination that the student was a victim of a violent criminal offense.

Miscellaneous Provisions of USCO

1. Transfer Time Period – PDS Persistently Dangerous Schools

The transfer will be temporary and will be in effect as long as the student’s original school is identified as persistently dangerous.
2. Charter School Transfer Option

While ESSA NCLB permits affected students to be afforded the opportunity to attend a public charter school, in addition to a safe public elementary school or secondary school within the school district, the application of this provision in New Jersey is limited. Transfers to a charter school can only occur as a part of the charter school’s “equal opportunity” selection process and among charter schools administered under the same managing authority (i.e., charter schools within the charter school district).

Since charter schools in New Jersey are considered public local education agencies LEA’s, pursuant to N.J.S.A. 18A:36A-3, operated independently of a local board of education, transfers may only take place among charter schools within the LEA. Therefore, students may be permitted to transfer to another charter school that is administered under the same managing authority of the charter school, but are not permitted to transfer to a school in the local public school district administered by a local board of education.

However, pursuant to N.J.S.A. 18A:36A-7, a charter school must be open to all students on a space available basis and may not discriminate in its admission policies or practices (although it may establish reasonable criteria to evaluate prospective students), and in accordance with N.J.S.A. 18A:36A-8, if there are more applications to enroll in the charter school than there are spaces available, the charter school must select students to attend using a random selection process for enrollment.

3. Funding Sources for USCO

The USCO statute Unsafe School Choice Option law does not authorize resources specifically to help cover USCO costs associated with transferring a student from a PDS. However, under certain circumstances Federal funds may be used. For example, ESEA Title IV, Part A [Section 4115(b)(2)(E)(v)] funds under SDFSCA (Title IV, Part A of the NCLB) may be used to establish safe zones of passage to and from school to ensure that students travel safely on their way to school and on their way home. [Section 4115(b)(2)(E)(v)]. In addition, SDFSCA ESEA Title IV, Part A [Sections 5121(8) and 5131(12) and (25)] funds may be used to help cover costs such as tuition or transportation related to the USCO Unsafe School Choice Option or expansion of public school choice. [Section 5121(8) and 5131(12 and (25)].
4. Special Education Students

The district will provide transferred special education students with the program required by the student’s Individualized Education Program (IEP).

5. Transfer Schools

In the event there is not another school within the school district for a transferring student, the district is not required to transfer the student to a school outside the school district.

Under the federal regulations (68 FR 16789), this Policy only applies to offenses that occur in the 2003–2004 school year and thereafter. Beginning with the 2004–2005 school year, the district must provide the transfer option to victims of violent criminal offenses that occurred in the previous school year, if the determination that the pupil was a victim was made thirty days or fewer before the end of the school year.

The district will use the school choice option as one response to incidents of victimization. Additionally, the district will develop and implement appropriate strategies for addressing the circumstances that contribute to or support victimization, as well as consistently and proactively manage individuals who have victimized students. The district will promote the importance of school safety and respond to the needs of students and staff. Pursuant to the law, the district will provide an opportunity for students, parents and school district and law enforcement personnel to discuss methods for keeping schools safe from violence; to create school safety plans; and to recognize students in need of help. The district will organize activities to prevent school violence, including, but not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity and tolerance. Law enforcement personnel will be invited to join members of the teaching staff in the discussions. Programs shall also be provided for school district employees that are designated to help school district employees recognize warning signs of school violence and to instruct school district employees on recommended conduct during an incident of school violence.
In accordance with the provisions of N.J.S.A. 18A:17-46, two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing, the Superintendent shall report to the Board of Education all acts of violence; vandalism; and harassment, intimidation, and bullying which occurred during the previous reporting period.

requires a public hearing in the third week in October of each year for the Superintendent to report to the Board all acts of violence and vandalism that occurred in the district during the previous school year. The public hearing shall be transcribed and kept on file in the Board of Education Office. The transcript shall be made available to the public upon request. The Board must also file the transcript with the NJDOE for review.

8350 RECORDS RETENTION

The New Jersey Department of the Treasury - Records Management Services places all public records on Records Retention Schedules that list the minimum legal and fiscal time periods public records must be retained by State and local governmental and educational agencies. Records Management Services determines these retention periods in conformance with State and Federal codes, regulations, and statutes of limitation. Final approval of the schedules comes from the State Records Committee, which is comprised of representatives of the Attorney General, State Treasurer, State Auditor, Director of Local Government Services, and the director of the division.

Part and parcel to a good records management program is the timely destruction of records once their retention period has expired. This pertains to the destruction of paper records as well as those that are microfilmed, have been imaged, or are electronic. Unique records disposal request (such as the disposal of fire damaged records which have not yet outlived their retention period) require specific authorization from the State Records Committee.

As per the Destruction of Public Records Act of 1953 (P.L. 1953, c. 410), the Board of Education must receive prior written authorization from Records Management Services to dispose of their public records regardless of the medium in which the information is maintained. Authorization to dispose public records shall be submitted electronically by the school district custodian of such records to Records Management Services. Records must be retained in accordance with the Records Retention Schedules and shall not be disposed until approval for such disposal is obtained from Records Management Services.
