

◆◆◆ THE CIRCUS IS COMING! ◆◆◆

October 17th - October 21st

Friday, 10/21:

1:30pm - Show for the school

6:30pm - Show for 5th grade families

The National Circus Project is an interactive arts education program that teaches children circus skills while also focusing on life skills. Through learning juggling, stilt walking, acrobatics, and more, the fifth graders practice resilience, problem solving, team work, and patience. All this, while constructing their own circus in just one week! For questions, contact Mr. Beyer at jbeyer@ridgewood.k12.nj.us or x56621.
