

NJSLA Results: Spring 2023 Administrations

Ridgewood Public Schools
November 6, 2023

**New Jersey Student Learning Assessments
Dynamic Learning Maps**

Presentation Objectives

1. Report the district results from the Spring 2023 New Jersey Student Learning Assessment
2. Provide data visualizations that may help school community members identify trends in student achievement
3. Explain how these data will inform further analysis and tentative action plans

English Language Arts Results

Grades 3-9

Overall Results 2023 NJSLA Administrations English Language Arts – Percentages

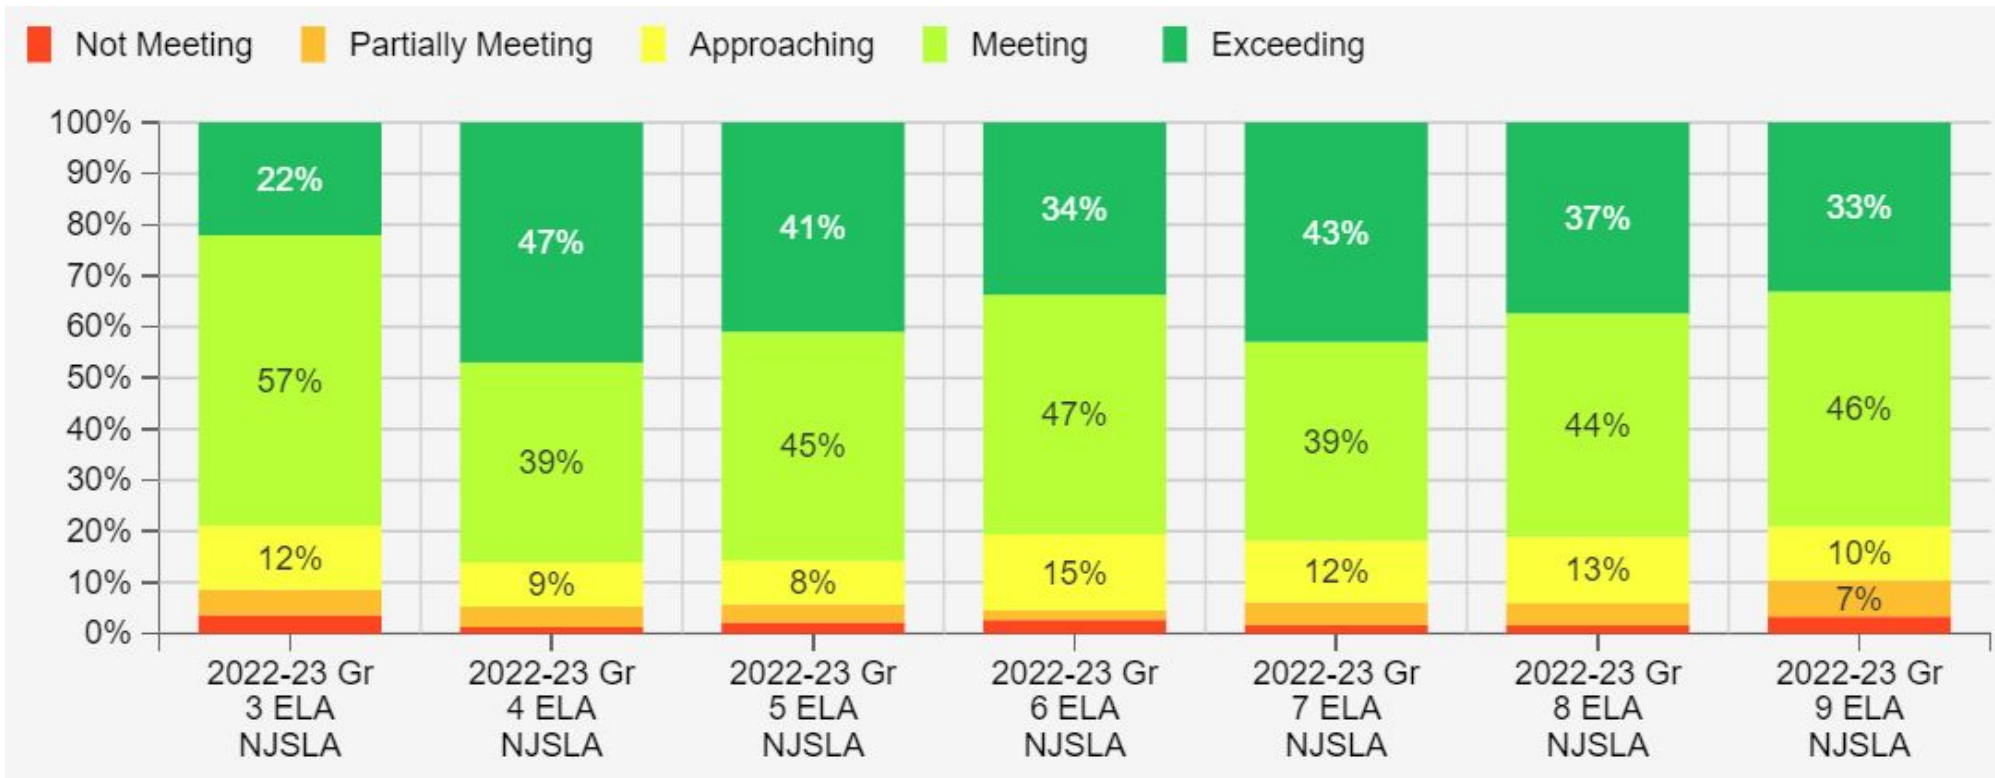

ELA	n= (# valid scores)	Passing (Level 4 or 5)	Approaching (Level 3)	Not//Partially met (Level 2 or 1)
3	415	79.3%	12.5%	8.2%
4	395	86.1%	8.6%	5.4%
5	414	86.0%	8.5%	5.5%
6	418	80.6%	14.8%	4.5%
7	424	81.8%	12.0%	6.2%
8	439	81.1%	13.0%	5.9%
9*	420	79.0%	10.5%	10.4%

Notes:

- Percentages may not total 100 due to rounding.
- n # of valid scores does not include test attempts which resulted in voided scores.

Overall Results 2023 NJSLA Administrations English Language Arts – Percentages

Note: Percentages may not total 100 due to rounding.

ELA Average Scale Score by Race*

ELA Mean Scale Score

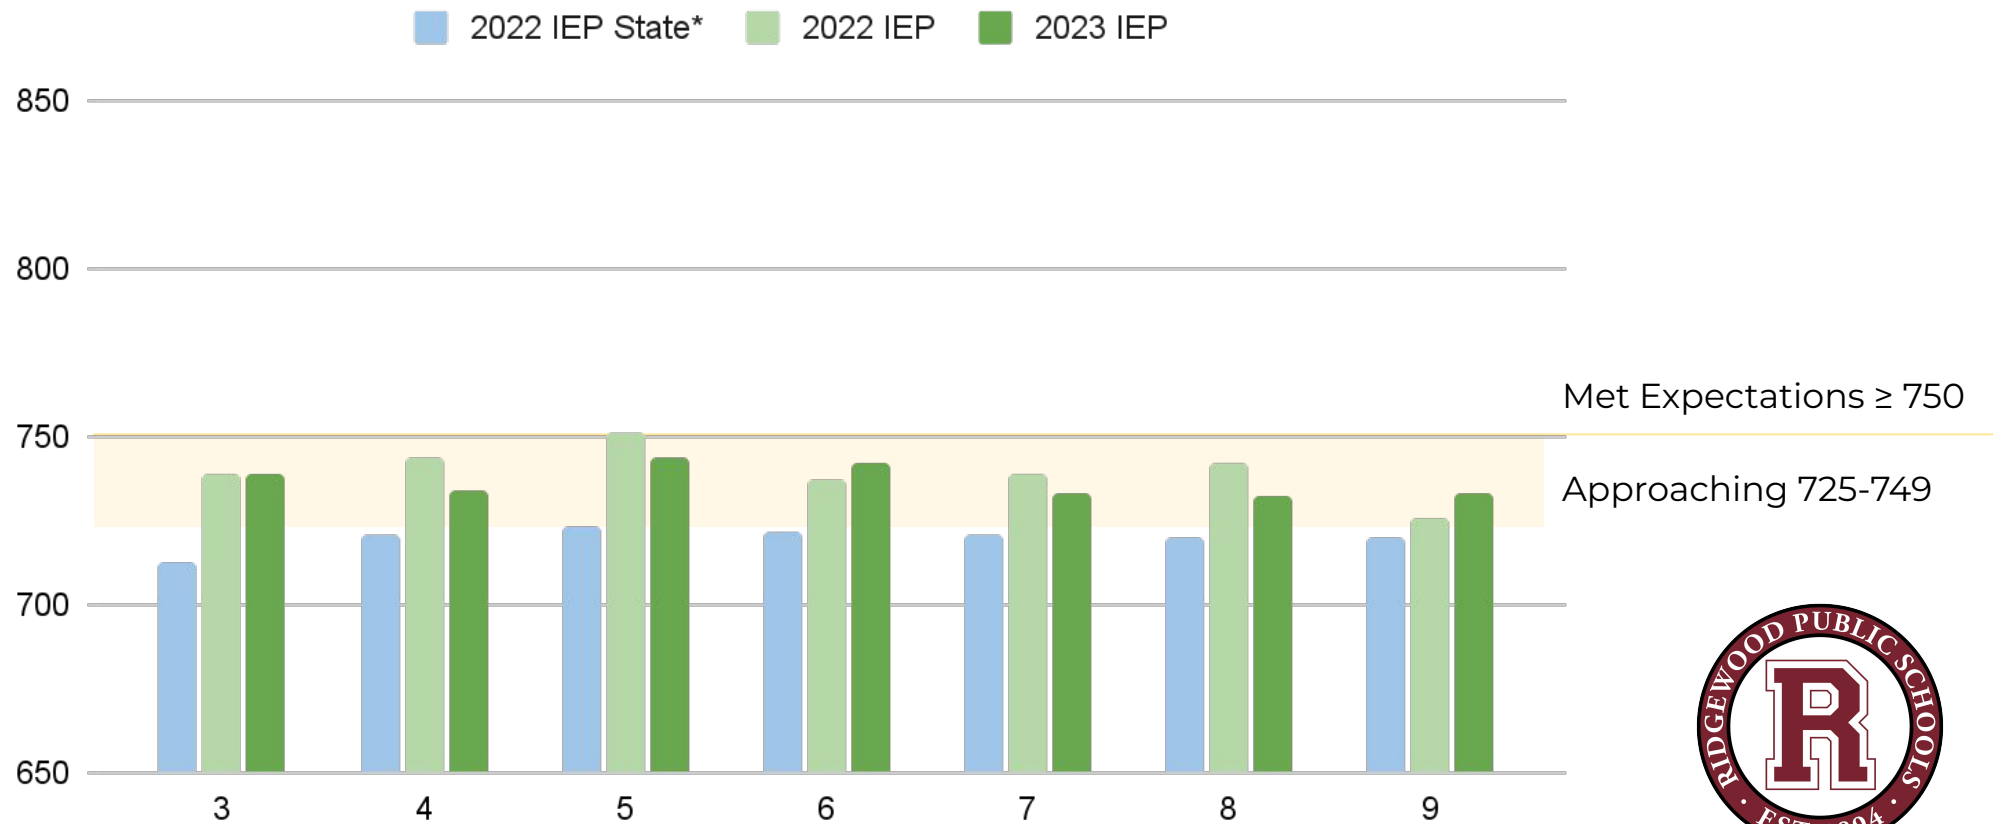

*excluding Economic Disadvantage

Average Scale Score by IEP ELA

ELA Mean Scale Score

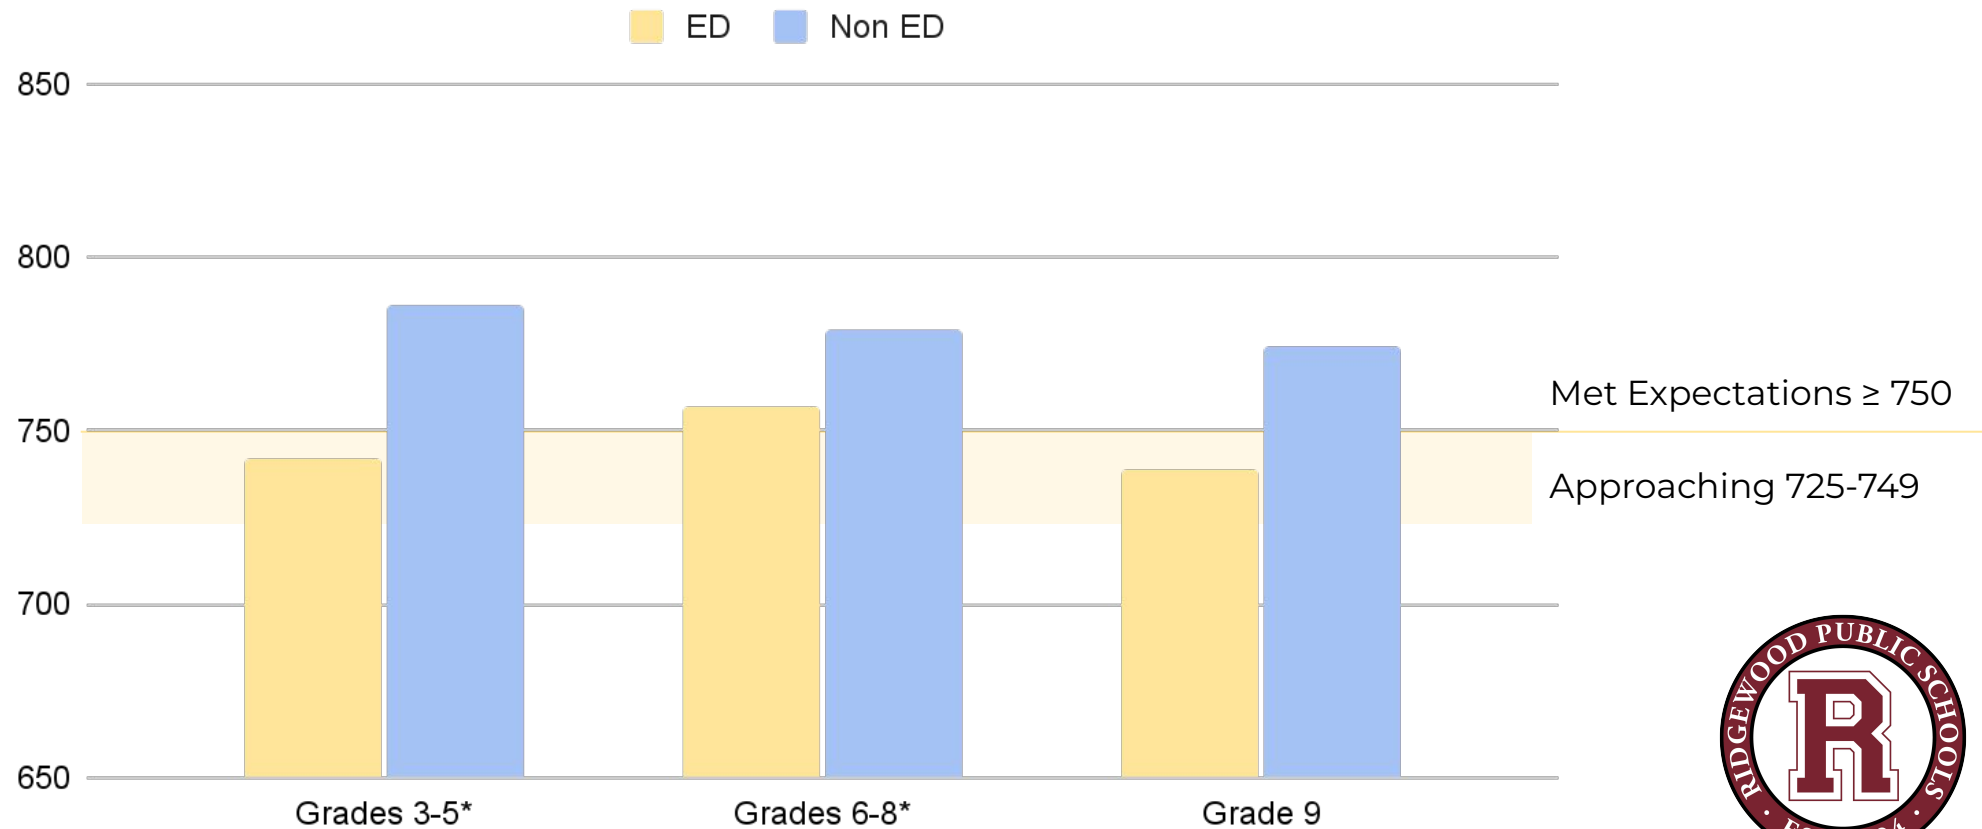

*State scale scores for subgroups are reported in the NJDOE Statewide Assessment Reports which have not yet been released for 2023

Average Scale Score by Economic Disadvantage- ELA

Stable Cohort Data- ELA

- Designed to evaluate student progress from year to year.
- Analysis of RHS students that were present for both NJSLA 2022 and NJSLA 2023
- Data set includes class of 2028, 2029, 2030, and 2031

Class of	Year 2021-22	Year 2022-23	Current Grade	n=
2026	Grade 8	Grade 9	10	382
2027	Grade 7	Grade 8	9	417
2028	Grade 6	Grade 7	8	409
2029	Grade 5	Grade 6	7	390
2030	Grade 4	Grade 5	6	390
2031	Grade 3	Grade 4	5	375

- Scale score range in 650-850. Passing score is 750 or greater.

ELA Stable Cohort Trends by Class

- Stable Cohort data provided by LinkIt

ELA	Avg Scale Score 2022	Avg Scale Score 2023
Class of 2031	783	786
Class of 2030	782	791
Class of 2029	786	776
Class of 2028	766	778
Class of 2027	778	782
Class of 2026	785	775

ELA Stable Cohort by Class

ELA Stable Cohort by IEP and ED

- Stable Cohort data provided by LinkIt

ELA	Avg Scale Score 2022	Avg Scale Score 2023
IEP	739	741
Non IEP	785	789

Dynamic Learning Maps

- All children participate in state accountability assessments
- The Dynamic Learning Maps® (DLM®) Alternate Assessment measures what students with significant cognitive disabilities know and can do
- A year-end version of the DLM is administered to our in-district as well and out-of-district special education students whose IEP exempts them from taking the NJSLA
- Results of DLM are individualized, and are interpreted with families at their students' annual review meetings as part of the process

ELA K–12 Analysis and Tentative Action Plan

Analysis

- Participation and test scores are mostly consistent with 2022.
- Cohorts have been identified for support.
- Evidence statements have been examined for opportunities for curriculum and instruction adjustments.
- These test results are a snapshot of student learning. To measure growth, it is necessary to leverage technology programs and curricular initiatives that assess standards throughout the year.

Action Plan

- ELA K–12 is currently in Curriculum Review guided by the release of new ELA standards in October 2023.
- Linkit will be implemented in grades 6-8 in the second semester of this school year to identify areas of support.

Mathematics K–12 Analysis and Tentative Action Plan

Analysis

- Algebra II achieved 100% in Levels 4-5
- NJSLA Evidence Statement data analysis identified specific curriculum and instruction adjustments needed in grades 6-8
- Potential impact on Geometry scores based on elimination of 8th Grade Math for 2022-2023 school year
- Geometry scores in 2022 resulted in implementation of extensive action plan for 2023-2024 school year.

Action Plan

- Implementation of Linkit benchmarks in middle school
- Use IXL in grades 6-8 to track progress and provide targeted support
- Evaluate state standards in comparison to released items
- Math 6-12 is currently in Curriculum Review and will address specific curriculum concerns demonstrated in state testing performance
- Curriculum adjustments in Geometry were made based on 2022 evidence statements and are currently being implemented during 2023-2024 school year
- Consider potential change of math sequence if Geometry performance in Spring of 2024 does not show improvement and results of 5-year Math Curriculum Review support change.

Science K–12 Analysis and Tentative Action Plan

Analysis

- Test scores are mostly consistent from 2022.
- Cohorts have been identified for support.
- State does not provide evidence statements for science exam to identify areas of curriculum that may require modifications.
- Analysis indicates that length of time students spent taking exam is associated with higher scores.

Action Plan

- Explore purchase of IXL for science in grades 6-8 to identify areas of support for students throughout year. This will assist in filling information gaps due to lack of evidence statement analysis from state and guide curriculum modifications.
- Increase exposure to NJSLA question formats.
- Increase student motivation on the NJSLA through discussions of how exam benefits school community.

Thank You

Mission Statement

The Ridgewood Public Schools, committed to a tradition of excellence and innovation, in partnership with the community, provide a rich and challenging learning environment, enabling students to maximize their unique potential to become lifelong learners and productive, responsible citizens.
